NAAMTA Global Announces Angel MedFlight Third Consecutive Accreditation

Scottsdale, AZ – January 2022 – [NAAMTA Global](http://naamtaglobal.com) is awarding Angel MedFlight Worldwide Air Ambulance with their third consecutive Medical Transport accreditation upon the successful completion of demonstrating compliance with the NAAMTA Medical Transport Standards.

[Angel MedFlight Worldwide Air Ambulance](http://naamtaglobal.com) firmly subscribes to NAAMTA's accreditation for a third-party audit of all aspects of their transport services to substantiate their mission of providing high-quality patient care and transport safety.

This audit entails an extensive independent, external evaluation of business administration documentation, company policies and procedures, flight operations, medical practices, aircraft maintenance, and service facilities; Angel MedFlight demonstrated compliance to each of the defined standards and excelled in identifying best practice procedures.

NAAMTA Global verified compliance through employee interviews, on-site evaluations, and process reviews, all of which were conducted using [ISO 9001:2015](https://www.iso.org/standard/55827.html) auditing guidelines. This accreditation is recognized as a symbol of quality by industry peers, third-party payers, medical organizations, liability insurance companies, state and federal agencies, and the public.

The accreditation process is valuable for healthcare professionals and consumers as they select an air ambulance provider to transport their patients and loved ones. NAAMTA's independent review and evaluation of Angel MedFlight's operation adheres to the highest standards of patient care and validates the integrity and safety of the organization.

As an accredited program, Angel MedFlight continues its participation as a member of the NAAMTA Alliance. This alliance unifies accredited organizations in the vanguard of continuous improvement in the medical transport industry. NAAMTA Alliance members are held in high esteem for meeting stringent requirements that define and influence transport operational excellence.

"The entire MedHealth Partners leadership team – across all of our brands - appreciates the high audit standards and rigorous accreditation process provided by NAAMTA, a highly respected worldwide accrediting agency," said Christine Aguilera, President, and Chief Financial Officer. "Receiving NAAMTA accreditation validates all of the hard work over the years from our team members across Angel MedFlight, Medway Air Ambulance, and Critical Care Medflight."

Roylen Griffin, NAAMTA Executive Director states, "Angel MedFlight continuous determination for this professional achievement points to the same driving force their employees have to reach their patients, use their skills and expertise to treat and deliver them to their destination using the highest level of patient and using the safest possible means."

About NAAMTA Global

NAAMTA Global is a worldwide accreditation standard-bearer for the medical escort/transport industry, offering procedures that include guidelines for developing a system focused on transport safety, patient care, quality management, and continuous improvement. NAAMTA is recognized around the world for its [ISO 9001:2015](#) QMS certification and the implementation of quality practices in its accreditation program.

NAAMTA's certified QMS is audited annually by [PRI Registrar](#), an [ANSI-ASQ National Accreditation Board](#)-approved Registrar.

NAAMTA began its accreditation program in 2009 and became an international accreditation company in 2013 by successfully identifying the standards for best practices and performance among medical escort, medical transport, and emergency medical service providers.

Through a dynamic approach to auditing and an array of web-based reporting and learning tools, NAAMTA distinguishes itself as an accreditation source in providing member services and improving medical transportation industry practices. In 2019, to reflect our international market, we became NAAMTA Global.

About Angel MedFlight

Angel MedFlight Worldwide Air Ambulance is a global leader in air medical transportation. Founded in 2007, Angel MedFlight has transferred patients from all 50 states and more than 54 countries. Angel MedFlight's flight coordination and dispatch center streamline the air medical transport process to expedite adult and pediatric flights 24/7. Our mission-to-mission flight model positions aircraft strategically across the country to ensure responsive service and competitive pricing.

Angel MedFlight partners with Centers of Excellence nationwide to increase patients' access to life-changing specialty care. Our Medical Flight Team provides bedside-to-bedside patient transports on a fleet of Learjet 35 and 45 aircraft equipped with intensive care unit capability. Angel MedFlight's Patient Advocacy team handles the entire insurance process to minimize patients' out-of-pocket expenses. We are committed to delivering high-quality patient care and exceptional service from start to finish.

Angel MedFlight is proud to be part of the MedHealth Partner's family of air ambulance providers.
