NAAMTA Global Announces Medical Transport Accreditation for Critical Care Medflight

Lawrenceville, GA 2022 – [NAAMTA Global](http://naamtaglobal.com) Accreditation is established upon the NAAMTA standards that focus on quality patient care and transport safety. After completing a comprehensive audit of administrative documentation, medical practices, and facilities, [Critical Care Medflight](#) is awarded NAAMTA Global Medical Transport Accreditation for its critical care fixed-wing program.

Critical Care Medflight demonstrates compliance to each of the defined standards, excels in identifying best practice procedures, and instills these values in each employee.

NAAMTA Global verified compliance through an extensive review of business administration documentation, employee interviews, on-site evaluations, and process reviews, all of which were conducted using [ISO 9001:2015](#) auditing guidelines.

In addition to the accreditation award, Critical Care Medflight and its sister companies, Medway Air Ambulance, and Angel MedFlight join the NAAMTA Alliance. This alliance unifies accredited organizations in the vanguard of continuous improvement through the sharing of education, experiences, and the skills of each member working to improve patient care and cultivating an environment of safety.

Bambi Pish-Derr, Senior Vice-President of Quality and Clinical Operations commented, “Quality care through advanced clinical certification is a strategic focus for us at MedHealth Partners. Achieving the NAAMTA accreditation of excellence drives home the importance that our team places on providing the highest quality care for the thousands of patients we yearly transport worldwide through our partners, Angel MedFlight, Medway Air Ambulance, and Critical Care Medflight.

Roylen Griffin, NAAMTA Executive Director states, “The administrative portion of an audit provides an in-depth look at the policies and procedures of the organization, but it isn’t until the site audit that we can experience the culture of an organization.

Culture is a reflection of the repeated performance of personnel, and how they work together to achieve a common goal. Critical Care Medflight personnel, including their management, pilots, medical crews, and mechanics, consistently demonstrate both on paper and in person, a commitment to safety and well-being of patients, and each other.”

About NAAMTA Global

NAAMTA Global is a worldwide accreditation standard-bearer for the medical escort/transport industry, offering procedures that include guidelines for developing a system focused on transport safety, patient care, quality management, and continuous improvement. NAAMTA is recognized around the world for its [ISO 9001:2015](#) QMS certification and the implementation of quality practices in its accreditation program.

NAAMTA's certified QMS is audited annually by [PRI Registrar](#), an [ANSI-ASQ National Accreditation Board](#)-approved Registrar.

NAAMTA began its accreditation program in 2009 and became an international accreditation company in 2013 by successfully identifying the standards for best practices and performance among medical escort, medical transport, and emergency medical service providers.

Through a dynamic approach to auditing and an array of web-based reporting and learning tools, NAAMTA distinguishes itself as an accreditation source in providing member services and improving medical transportation industry practices. In 2019, to reflect our international market, we became NAAMTA Global.

About Company Name

Since 1985, Critical Care Medflight is a full-service air medical transport operator that has led the industry in providing safe, compassionate medical transport services for our patients. Our highly experienced, exceptionally qualified team of medical and aviation professionals sets the standard for patient care and comfort.

The whole of the company works diligently to deliver the highest quality and cost-effective air ambulance service. Critical Care Medflight owns, operates, and maintains its fleet of Lear jets that are equipped specifically as medical air ambulances with industry-leading patient care equipment.

Critical Care Medflight is proud to be part of the MedHealth Partners' family of air ambulance providers.
