NAAMTA Global Announces Aeromedevac Air Ambulance Earns Consecutive Medical Transport Accreditation

Salt Lake City, UT – 9 May 2025 – [NAAMTA Global](http://naamtaglobal.com) proudly announces that [Aeromedevac Air Ambulance](#) has once again achieved full medical transport accreditation, demonstrating an unwavering commitment to the highest standards of quality, safety, and patient care within the air medical transport industry.

Following a comprehensive and rigorous evaluation process, Aeromedevac Air Ambulance reaffirmed its dedication to operational excellence, patient safety, and continuous quality improvement. This consecutive accreditation reflects Aeromedevac's decades of experience and its ongoing investment in strengthening services through the implementation of industry-leading best practices.

NAAMTA Global verified Aeromedevac's compliance through extensive employee interviews, on-site evaluations, and process reviews, all conducted under [ISO 9001:2015](#) auditing guidelines.

"Aeromedevac Air Ambulance exemplifies the values and standards that NAAMTA Global upholds," said Roylen Griffin, Executive Director of NAAMTA Global. "Their accreditation is a testament to their steadfast dedication to quality, safety, and compassionate patient care, backed by years of industry expertise."

Aeromedevac's achievement highlights the critical role of experience-driven service enhancements. Through robust training programs, safety-focused initiatives, and patient-centered protocols, Aeromedevac continues to set a high benchmark in the air medical transport sector.

Jesse Ruiz, Program Administrator at Aeromedevac, added, "The NAAMTA standards are impressively comprehensive, rigorously evidence-based, and closely aligned with best practices in medical transport. They offer an exceptional framework for fostering continuous improvement in both safety and patient care. Key strengths include emphasis on cultivating a strong safety culture, prioritizing clinical excellence, implementing structured quality management systems, encouraging interdisciplinary collaboration, and allowing real-world application and customization. These elements strengthen our ability to deliver superior patient outcomes and enhance operational safety."

With this consecutive accreditation, Aeromedevac Air Ambulance reaffirms its position as a trusted leader in air medical transport, setting an elevated standard for safety, quality, and patient care across the industry.

About NAAMTA Global

NAAMTA Global, with over 15 years in business, has been a trailblazer in setting standards for best practices and performance among medical escort, medical transport, and emergency medical service providers, gaining international recognition. As a premier global accreditation entity, NAAMTA offers standardized criteria and procedures that emphasize transport safety, patient care, quality management, and continuous improvement.

NAAMTA's [ISO 9001 Quality Management System](#), which is registered and annually audited by [PRI Registrar](#), an [ANSI-ASQ National Accreditation Board-approved](#) registrar. NAAMTA is recognized for integration of quality and safety management elements as part of all NAAMTA accreditation standards.

With its dynamic auditing approach and comprehensive suite of web-based tools, NAAMTA stands out as a leader in accreditation, providing exceptional member services and significantly enhancing practices within the medical transportation industry.

About Aeromedevac Air Ambulance

Founded in 1993, based in San Diego, California; Aeromedevac has over 30 years of continuous experience as a premier air ambulance provider. Aeromedevac holds an FAA Part 135 air carrier certificate and maintains a dedicated fleet of medically configured jets equipped with advanced life-support systems. Our highly trained medical teams are available 24/7, ensuring rapid response and exceptional patient care during emergency medical transports, both domestically and internationally.

Aeromedevac specializes in worldwide medical transport, with particular expertise in North, Central, and South America. San Diego's strategic location as a gateway to México, including Western and Baja México's popular resort destinations, allows us to efficiently facilitate cross-border medical transports.

Additionally, Aeromedevac holds annual authorization from the Mexican Government to provide international air ambulance services from México to the United States and Canada, ensuring seamless and reliable medical transport across borders.
